CURB CUT BYLAW: TOWN OF COLRAIN

SECTION 1: DEFINITIONS—These definitions are for the purpose of this bylaw only.

PUBLIC WAY: A way accepted and maintained by a public agency.

DRIVEWAY: Privately owned access to and from a public way.

SECTION 2: PURPOSES

- A) To provide better protection of public safety through the orderly control of traffic entering and exiting a public way.**
- B) To provide the necessary grade and drainage to protect the public way from damage.**

SECTION 3: APPLICATION FOR A PERMIT

- A) Any property owner desiring to construct a driveway which accesses way shall do so only after securing a written permit for such driveway from the Road Superintendent having charge of the maintenance and repair of such public ways.**
- B) Any access from a public way that does not serve a building and is not used continuously on a year round basis such a access for agricultural, forestry and other uses must apply for a permit under this bylaw but will not be subject to the design standards set forth in SECTION 5. Such access ways will be subject to more general standards based on safety considerations and the need for protection of public ways.**
- C) A driveway shall be designed and must receive approval from the Road Superintendent before a building permit for a newly constructed building is approved and the driveway construction shall be completed before any occupancy or use of the premises is permitted.**
- D) Driveways that would be exempt from this permit requirement are:**
 - 1) Driveways already in existence**
 - 2) Driveways subject to M.G.L. C.81,s 21 (state cut permit)**
 - 3) Driveways reviewed by municipal boards under existing zoning and sub-division bylaws.**

Page 2 CURB CUT PERMIT BYLAW

SECTION 4: PERMIT APPLICATION AND REVIEW PROCEDURES

- A) The property owner seeking a curb cut permit shall make a written submission to the Road Superintendent including two copies of the Application for Curb Cut Permit, including a plan showing:**
- 1) Any driveway that is to be created, altered or closed and the relationship to the public way.**
 - 2) Construction details to describe compliance with SECTION 5, Design Standards.**
- B) The Road Superintendent shall consult with the Police Chief and the Fire Chief and other interested town officials to obtain their comment on the plan.**
- C) The Road Superintendent shall notify the property owner making the application within 21 days, in writing indicating:**
- 1) The curb cut does conform to the town's standard set forth in the bylaw, or**
 - 2) The curb cut does conform subject to certain modifications, conditions, restrictions, or,**
 - 3) The permit is denied based on certain stated reasons.**

If the Highway Superintendent takes no action within 21 days of completed submission, the Curb Cut permits is automatically issued in accordance with the plan and the Town Clerk may so certify.

If the permit is denied, an appeal may be made within 20 days to the Board of Selectmen.

- D) The Highway Superintendent will inspect the project during and after construction and shall have the authority to halt**

construction and/or prohibit access to said driveway if construction is not in accordance with the approved plan, until objectionable conditions are corrected.

E) The Highway Superintendent shall “Sign Off” on the permit after satisfactory completion of construction.

Section 5: DESIGN STANDARDS-These standards are for the purpose of this bylaw only and shall not apply to such curb cuts required for non-continuous, year round uses such as agriculture, forestry and other such uses.

A) Culverts and drainage: Existing drainage ditched parallel to public ways from which driveways will be constructed shall not be obstructed by new driveway construction. If a culvert is necessary, culverts of appropriate size and a durable material (such as a double walled plastic culvert) shall be installed at the expense of the applicant. Culvert diameter shall be determined by the Highway Supt. or by a licensed professional engineer hired by the applicant.

Where appropriate in the judgment of the Highway Supt. driveways shall be provided with parallel drainage swales and with culverts allowing storm water to cross the driveway without creating erosion or washouts.

B) Sight Distances: All new driveways shall be constructed to allow for minimum sight distance in both directions along the public along the public way of not less than 100 feet, or if less than 100 feet it may be allowed at the discretion of the Highway Supt. This distance shall be measured at the height of not more than four feet above the elevation of the driveway at its point of intersection with the public way (typical eye-level of car drivers).

C) Gradients: Maximum gradient of any new driveway shall not exceed 12% within 25 feet of the edge of the traveled way.

- D) Construction Material:** All new driveways must be provided with a minimum of 8 inches of sand and gravel (bank run or better) in which there are no stones greater than 4 inches in diameter. On slopes of between 5% and 12% within 35 feet of the edge of the way, the driveway shall be overlain by at least 4 inches of graded crushed gravel of “trap rock” gravel, in which the chip size does not exceed three-fourths of an inch to prevent destabilized driveway material from washing out into the road.
- E) Width of the Driveway:** The width of the entrance shall be at least 18 feet 10 feet to allow access for emergency vehicles.
- F) Safety of the Public During Construction:** Persons securing a permit are responsible for insuring the safety of the public in the excavated area. Adequate safety and warning devices must be placed at appropriate locations to adequately warn and protect the motoring and pedestrian public. Such devices may include reflector zed/signs, barricades and barrels along with lights. Any liability arising from improper safeguards shall be borne by the person to whom the permit was issued. The town of Colrain is not responsible for providing devices for safety sign age.
