GML Statement on Busts

Please be advised that the busts, previously displayed in the library, have been packed in accordance with conservators' best practices, and are in a secure and dry storage space at the Colrain Central School.

While we work on remediating the moisture issues in the GML's historic building, we remain committed to providing current resources, collections, and programs for public enjoyment and education, in accordance with our mission.

Please email griswoldmemoriallibrary@gmail.com with questions or comments, or to attend a library trustee meeting.
